RESPONSE

Hon. Commissioner of Patents and Trademarks
Washington, D.C. 20231

SIR:

This is in response to a Notice of Drawing Inconsistency with Specification mailed on March 7, 2005 and setting a statutory period for response of one month or (30) days, whichever is longer, from the mailing date of the Notice or within the time remaining in the time period set forth in the Notice of Allowability (Form PTOL-37) to file corrected drawings, whichever is longer. The Commissioner is hereby authorized to charge any additional fees which may be required to Acct. No. 11-0224. Applicant further respectfully requests that this response be accepted as a bona fide effort to meet any potential response requirements outstanding and due in the above captioned matter.

REMARKS

The Office Action states that the drawings filed 12-22-03 have been received. However, an inconsistency exists between the drawings and the Brief Description of the Drawings in the specification. Figure 8 is contained in the Drawings but not listed in the Brief Description of the Drawings in the specification. Applicant is required to correct the above-noted inconsistency within a time period of one MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this Notice, or within the time remaining in the time period set forth in the Notice of Allowability (Form PTOL-37) to file corrected drawings, whichever is longer. NO EXTENSION OF THIS TIME PERIOD MAY BE GRANTED UNDER EITHER 37 CFR 1.136 (a) OR (b). Failure to correct the above noted inconsistency will result in abandonment of the application.

Applicant encloses an Amendment dated December 15, 2003 in which the applicant makes changes to the Brief Description of the Drawings. On page 5 of the Amendment, the last paragraph, the applicant provides the following description of the Figure 8:

--Figure 8 is a view of a circuit diagram similar to Fig. 3 and additionally featuring a reset.--

In addition, the applicant encloses a Transmittal Letter dated December 18, 2003 with the certificate of mailing signed on December 18,

2003 indicating that the day of filing of the Amendment of December 15, 2003.

Consequently, the applicant believes that the inconsistency between the drawings and the Brief Description of the Drawings in the specification does not exist anymore.

In addition, the applicant encloses formal drawings with Figs. 1 – 8.

Reconsideration of all outstanding rejections is respectfully requested.

All claims as presently submitted are deemed to be in form for allowance and an early notice of allowance is earnestly solicited.

Respectfully submitted,

Wilhelm Fey
